

This is my billing main form.

- First you must fill the accid and password to verify your account
- After the verification of account, the cash of that account will be displayed
- Then you can use mouse click to select selected products
- You can also search the product you want
- If the quantity you select is greater than the quantity on the product list it will prompt you product shortage.
- You can also use Discount.
- Senior discount (5%) is available only for people that has greater than 60 age. If not then age not valid and the discount will not be activated
- After you click the order button you can now purchase
- If the total greater than to your cash if will prompt you invalid cash
- Else Success
- You can also print your order
